Jim:

My recommendation is to contact Amy Salinas, EPA Attorney, (214.665.8063, Salinas.amy@epa.gov) or Patricia Scott, TCEQ Attorney (512.239.0637; patricia.scott@tceq.texas.gov). Hope this helps.

Thanks

Gary Moore

Subject: CES environmental services

Hello Gary. Jim Blackburn here. We spoke a while ago about the CES Environmental Services site. I am interested in whether or not it would be possible for me to gain access to the EPA records on this case. I am looking for, among other things, documentation with regard to potential PRPs. The only PRP of which I am aware at this time is Lubrizoil. I am sure that there were many others. If I need to contact someone else about this, I would appreciate your letting me know who that should be. Thanks. Jim Blackburn.
